

# Not Enough

Leoniden

Growing up  
Saw a lot  
Some shift lifts me up  
But not enough  
Getting much and giving up  
It's not enough  
It's not enough  
We still don't have enough

I'm on my way  
And I'm thinking that  
We are not enough  
And we don't have enough  
Guess it's okay to admit that  
We are not enough  
And we don't have enough

Get scared away from where I stay  
I refuse cause they are not enough  
And we don't have enough

We tip toe all our way back home  
We tip toe all our way back home  
We're grinning in your face from ear to ear  
We're grinning in your face from ear to ear  
And we don't have enough  
And we don't have enough  
And we don't know what's enough

Growing up  
Saw a lot  
Some shift lifts me up  
But not enough  
Getting much and giving up  
It's not enough  
It's not enough  
We still don't have enough

We are just a riddle  
And no one works us out  
We are stuck in the middle  
And no one pulls us out  
I'm on my way  
And I'm thinking that  
We are not enough  
And we don't have enough

Get scared away from where I stay  
I refuse cause they are not enough  
And we don't have enough

We tip toe all our way back home  
We tip toe all our way back home  
We're grinning in your face from ear to ear  
We're grinning in your face from ear to ear  
And we don't have enough

We tip toe all our way back home  
We tip toe all our way back home  
We're grinning in your face from ear to ear  
We're grinning in your face from ear to ear  
And we don't have enough

And we don't have enough  
And we don't know what's enough

And we don't have enough  
And we don't know what's enough
