

Sisters

Leoniden

This is for your sisters
Covering the picture
You know
You cover all the blisters
I was starring at the distance

This is for your sisters
Covering the picture
You know
You cover all the blisters
Starring at the distance

And time, time, time, time
Becomes your heartache
I'm fine. fine, fine, fine
Become your lungs!
And time, time, time, time
Becomes your heartache
I'm fine. fine, fine, fine
Become your lungs!
This is for your sisters
This is for your sisters

This is for my sisters
And now I'm gonna tell you something

I can't take this
I can't get this heart under control
I can't take this
I can't get this far without your heart

This is for your sisters
Crossing all their fingers
You know
They look at all the pictures
Blaming their existence

And time, time, time, time
Becomes your heartache
I'm fine. fine, fine, fine
Become your lungs!
And time, time, time, time
Becomes your heartache
I'm fine. fine, fine, fine
Become your lungs!
This is for your sisters
This is for your sisters

I can't take this
(I can not take this! I can not take this!)
I can't get this heart under control
(I can not take this! I can not take this!)
I can't take this
(I can not take this! I can not take this!)
I can't get this far without your heart
(I can not take this! I can not take this!)

I can't take this
(I can not take this! I can not take this!)
I can't get this heart under control
(I can not take this! I can not take this!)
I can't take this
(I can not take this! I can not take this!)
I can't get this far without your heart
(I can not take this! I can not take this!)
