

Slow

Leoniden

I will always need to be exclusive
Like a silly spoiled child
Like a silly spoiled child
And I keep being busy saying no
Just talk to the hand
Like a silly spoiled child

But you can see right through me

Slow
You hit the right spot
You hit the right spot, you know
Slow and low
Don't do it again
Don't do it again
Don't do it again
Slow
You hit the right spot
You hit the right spot, you know
Slow and low
Don't do it again
Don't do it again
Don't do it again

I am not the one that makes excuses
Like a silly spoiled child
Like a silly spoiled child
Can't come along
I come undone
I'll hide in here forever
Can't come along
I come undone
I'll hide in here forever

I lose another one, another one
I'm losing my connection
I'm on my own but still fine

But you can see right through me

Slow
You hit the right spot
You hit the right spot, you know
Slow and low
Don't do it again
Don't do it again
Don't do it again
Slow
You hit the right spot
You hit the right spot, you know
Slow and low
Don't do it again
Don't do it again
Don't do it again

I lose another one, another one
I'm losing my connection

I lose another one, another one
I'm losing my connection
I'm on my own but still fine

(I lose another one, another one
I'm losing my connection
I lose another one, another one
I'm losing my connection
I'm on my own but still fine)

Slow
You hit the right spot
You hit the right spot, you know
Slow and low
Don't do it again
Don't do it again
Don't do it again
Slow
You hit the right spot
You hit the right spot, you know
Slow and low
Don't do it again
Don't do it again
Don't do it again
