

# Why

Leoniden

Something's up in the cloud to let go  
I was wondering why you heard so  
Why don't you get along?  
Why don't you get along with me?  
Why don't you get along, oh, oh, oh why?

Why, why, you're gonna fucking hold me back?  
All I want to know is why, you're gonna fucking hold me back?  
Why, why, why, why  
I wonder why you even try

I wonder why, why you waste your time  
I wonder why  
I wonder why, why you waste your time  
I wonder why

Something is pushing me down to the floor  
I don't need you and I want you to know  
Why don't you get along?  
Why don't you get along with me?  
Why don't you get along, oh, oh, oh why?

Why, why, you're gonna fucking hold me back?  
All I want to know is why, you're gonna fucking hold me back?  
Why, why, why, why  
I wonder why you even try

I wonder why, why you waste your time  
I wonder why  
I wonder why, why you waste your time  
I wonder why  
I wonder why, why you waste your time  
I wonder why  
I wonder why, why you waste your time  
I wonder why
