

# Bad Love

Leony

I'd give you sacrifices  
Take you to paradise  
I'll be there by your side  
Or close behind, you feel me breathe  
I've been to a thousand places  
I crossed the seven seas  
I see you everywhere  
But you don't even notice me

And again, and again, and again I'm all caught up  
All caught up  
Made a fool of myself 'cause I thought you were the one

I'm back at the start  
I'm all out of luck  
'Cause all that I got is another bad love  
I'm falling apart  
It's keeping me up  
'Cause all that I got is another bad love

Another bad love  
Love  
Another bad love  
Love

You've got me on my knees and  
In all my fantasies  
I'll be there by your side  
Or close behind, you feel me breathe  
I've been to a thousand places  
I crossed the seven seas  
I see you everywhere  
But you don't even notice me

And again, and again, and again I'm all caught up  
All caught up  
Made a fool of myself 'cause I thought you were the one

I'm back at the start  
I'm all out of luck  
'Cause all that I got is another bad love  
I'm falling apart  
It's keeping me up  
'Cause all that I got is another bad love

Another bad love  
Love  
Another bad love  
Love  
Another bad love  
Ano-another bad love  
Love  
Another bad love
