

Cross My Mind

Leony

You still cross my mind
Wish that you'd be here tonight
When I told you I was fine
We both know that I was lying

Even though we're better off alone
Can't imagine sleeping on my own
Oh, you still cross my mind
Wish that you'd be here tonight

You still cross my mind
Wish that you'd be here tonight
When I told you I was fine
We both know that I was lying

Even though we're better off alone
Can't imagine sleeping on my own
Oh, you still cross my mind
Wish that you'd be here tonight

Even though we're better off alone
Can't imagine sleeping on my own
Oh, you still cross my mind
Wish that you'd be here tonight
