Stop The World

Leony

Know this isn't right but it feels so good to us
We're in our own minds
Pretending it's all fine
Blending it all out but it hits us every time
When we're not together
We're hurting each other

I can't hide, I can't get enough
And I want us to collide, we can finally be one
We're wasting time while we know what we want
But it's impossible to try till we're committing to us

I can't stop the world from falling, I can't stop the world
But when your skin is so close to mine then we can stop the wor
ld

I can't hide, I can't get enough
And I want us to collide, we can finally be one
You and I are running on love
Wish that we could stop the time 'cause I can't get enough
We're wasting time while we know what we want
But it's impossible to try till we're committing to us

(I can't hide)
(I can't hide)
