

What If

Leony

What if we stay?
What if this isn't farewell?
Well I guess it is but
What if we stay?
Wouldn't it be for the best?
I guess it is

I'm just thinking 'bout the better days
We were talking till the sun came up
Thought this feeling never goes away
Now we're dreaming of a different love

But what if
You hold me close
And what if
We're not letting go
'Cause what if
It's worth fighting for
What if
What if

What if we stay?
What if this isn't farewell?
Well I guess it is but
What if we stay?
Wouldn't it be for the best?
I guess it is

What if we stay?
What if this isn't farewell?
Well I guess it is but
What if we stay?
Wouldn't it be for the best?
I guess it is

Thought with you it's gon' be different
Saw us laughing when we're grey and old
Now we're burned out like a cigarette
And I'm wondering where we went wrong

But what if
You hold me close
And what if
We're not letting go
'Cause what if
It's worth fighting for
What if
What if

What if we stay?
What if this isn't farewell?
Well I guess it is but
What if we stay?
Wouldn't it be for the best?
I guess it is

What if we stay?

What if this isn't farewell?
Well I guess it is but
What if we stay?
Wouldn't it be for the best?
I guess it is

What if we stay?
What if we stay?
Wouldn't it be for the best?
I guess it is
