

By My Throne

Leprous

Painless spring recovering
Painful air just lingering (Hey hey hey)
Natural paintings
Finding its place (Hey hey hey)
Natural pace, pace

By my throne
A stone
Rough and raw
On it's own (Hey hey)
Once revealed my game (Hey hey hey)
Won't be taken by the wave (Hey hey hey)

I would phase an empty voice
Insecure and paranoid

Hopeless fight
Out of sight
Wrong direction
Wrong direction
Withering

Hopeless fight
Out of sight
Wrong direction
Wrong direction
Withering

Worn and beaten
Curled by the time
All round by my side

Worn and beaten
Curled by the time
All round by my side

Will be bruised
It will get though
Might be hidden, might get lost (Hey, hey)
Never hard to find (Hey, hey, hey, hey)
Never left behind (Hey, hey)
I can let my sorrows die (Hey, hey, hey, hey)
I can let my vision fly (Hey, hey)

Always there still unguarded
Guard my back with no regard (Hey, hey, hey)

Hopeless fight
Out of sight
Wrong direction
Wrong direction
Withering

Hopeless fight
Out of sight
Wrong direction
Wrong direction

Withering

Worn and beaten
Curled by the time
All round by my side
