

## Coal

Leprous

Treasure the day  
It won't return  
Step away and let it burn

Flip a coin  
Don't abide  
Friends will change you on each side

Feel the water  
Tender embrace  
Cover  
Hidden trace

Witness the details  
Lead to your goal  
See how the formula  
Turns to coal

Set free the tension  
Steer back the wheels  
Turn around  
See how it feels

Way below  
Base of your soul  
Realize everything  
Playing a role

Watch it burn  
Even though you fear  
It might just turn  
Into more coal
