

## Rewind

Leprous

Build up  
Tear down  
Set free  
Rewind

The circle is ending  
I'm done  
Pretending  
Left behind

Resist  
To be reputed  
Protect  
The undisputed  
Behold  
Your insufficiency  
Wistfully

Behold your demolition  
Assume  
There's no ambition  
None better suited

I am hollow  
None to follow

The same  
Logical notion  
Conceal  
Secret emotion

Behind  
Resting devotion  
Steadily  
In your ocean

Hopeful  
Undistilled  
Intention  
Unfulfilled

Destroyed to justify  
To wake up  
To die  
My quiet ruin

Shatter  
Fall  
Never found at all

Yet secretly told  
To rewind

Over  
And over  
And over again

That's why  
Even ruins  
Die
