

## Self-Satisfied Lullaby

Leptous

Self-satisfied lullaby

Self-satisfied lullaby  
Assertive mind  
When the sky aurifies  
Way up high

Self-satisfied lullaby  
Possessive, blind  
When the sky aurifies  
The last goodbye

Magnified, simplified  
Lost in time  
When the sky aurifies  
When you sing your

Self-satisfied lullaby  
Assertive mind  
When the sky aurifies  
Way up high

Glooming lights crawling up my skin  
Weary, shaken, processing yesterday's memories  
(Processing yesterday)  
Will not follow through with my vows  
Fading away  
Again I'll betray all my  
All my fulfillments  
Going back, going back  
Getting close to slumber, slumber, slumber

Self-satisfied lullaby  
(Undermine, undermining my faith)  
Assertive mind (Lost in myself)  
(Can I come back to my savior?)  
When the sky aurifies (The one with influence)  
(Postponing all my decisions)  
Way up high

Self-satisfied lullaby  
Possessive, blind  
When the sky aurifies  
The last goodbye

Till I sing my

Self-satisfied lullaby  
Assertive mind  
When the sky aurifies  
Way up high  
(When I come back, come-c-come back, come back home)
