

# The Valley

Leprous

When it began  
Lacking a goal  
Ten years I ran  
In hunt for a soul

Adhesive flame  
Endless it seems  
Intriguing shame  
Too late to redeem

Everyone knows  
Honest and brave  
What lies too close  
Something to save

Valley in sin  
This valley I'm in

Where you are  
My secret star

Moving away  
Nowhere to run  
No one can stay  
Vanishing sun

Visibly frail  
Easy to see  
How to prevail

Still there it lies  
In rivers thin  
Down in disguise  
In my valley within
