

Drive

Lera Lynn

It's late
Too late to run
Besides, this night ain't the one
You could say I turned my eyes blind
You could say I'm the desperate kind

I've been watching the line
But nothing's passin' by
I've been keeping the time
Like by it I live and die
'Cause at the end of the road
There is just one way to know
Drive
Drive

Portrait made but
Overblown
The curtain pulled was crooked stone
Leave me to lie in my fruitless dreams
It's not as simple as it seems

I've been watching the line
But nothing's passin' by
I've been keeping the time
Like by it I live and die
'Cause at the end of the road
There is just one way to know
Drive
Drive
Drive
Drive

I've been watching the line
But nothing's passin' by
I've been keeping the time
Like by it I live and die
'Cause at the end of the road
There is just one way to know
Drive
Drive
Drive
Drive
Drive
It's too late, too late, too late to run
Drive
And I'm the desperate one
Drive...
