

## Shape Shifter

Lera Lynn

Shape shifter  
Let me catch a glimpse  
You've got life, love  
To push against

Oh-ohhh  
Keep speaking  
I'm a swirl of love  
The funnel of desire  
Suckin' at your dust

Shape shifter so no one knows (how to get you on the line, yeah  
)  
Resistor of the easy road (keeps them hanging on your ride, yeah  
h)  
You make me wanna hurt you, hurt you, hurt you babe  
So I can be the one to shift your shape

Write your name all over my skin  
Carve out each letter, then color them in

Oh oh oooh  
Shape shifter  
Whisper in my ear  
Let me feel your breath and  
Let me hear

Shape shifter so no one knows (how to get you on the line, yeah  
)  
Resistor of the easy road (keeps them hanging on your ride, yeah  
h)  
You make me wanna hurt you, hurt you, hurt you babe  
So I can be the one to shift your shape
