

Fallin'

Leroy Sanchez

We thought we had it under control
We got caught in the high of it all
Autopilot till we hit a wall
I said let's fix it, you said we're done
It's impressive how fast you've moved on
Couple weeks yeah, you think he the one, well done

Guess I'll try some therapy
So I can cope with your effect on me
And maybe I'll fix this damn tendency
Of numbing myself over you

Made it this far just to fall on my head
I'm wasted 'til the point I don't know where I am
I'm falling down, fallin' down
I'm fa-a-a-a-allin'
I'm reaching for the ceiling, holding my breath
I kinda like the feeling of not feeling a thing
I'm fallin' down, fallin' down
Fa-a-a-a-allin'

Another floor's spinnin' out of control
I'll let the rhythm take me, swallow me whole
Dance by myself 'til my heart ain't cold
'Til I forget I don't have you to hold

I'm alright, I'm okay, I'm not doin' great
Why pretend anyway? I feel barely awake
All the demons I can't push them away
Where you at? I can't get you out my brain

Made it this far just to fall on my head
I'm wasted 'til the point I don't know where I am
I'm falling down, fallin' down
I'm fa-a-a-a-allin'
I'm reaching for the ceiling, holding my breath
I kinda like the feeling of not feeling a thing
I'm fallin' down, fallin' down
Fa-a-a-a-allin'

I'm falling down, I'm fallin'
I'm falling down, I'm fallin'
I'm falling down, I'm fallin'
I'm fa-a-a-a-allin'

Guess I'll try some therapy
So I can cope with your effect on me
And maybe I'll fix this damn tendency
Of numbing myself over you

Made it this far just to fall on my head
I'm wasted 'til the point I don't know where I am
I'm falling down (fallin'), fallin' down (fallin')
I'm fa-a-a-a-allin'
I'm reaching for the ceiling, holding my breath
I kinda like the feeling of not feeling a thing
I'm fallin' down, fallin' down

I 'm fa-a-a-a-allin'
