Lust Stings

Les Claypool

It's been so long
Since we've talked about things
Should'a took time to reconnoiter
Lust stings

Nobody likes me
Everybody hates me
I'm gonna eat me some worms
I'm gonna eat me some worms

I got the herpes on my pecker
Sometimes it itches and burns
I'm gonna eat me some worms

It's been so long
Since we've really talked about things
S'cuse me while I reconnoiter
Lust stings

I'm gonna eat me some worms
