

## Lust Stings

Les Claypool

It's been so long  
Since we've talked about things  
Should'a took time to reconnoiter  
Lust stings

Nobody likes me  
Everybody hates me  
I'm gonna eat me some worms  
I'm gonna eat me some worms

I got the herpes on my pecker  
Sometimes it itches and burns  
I'm gonna eat me some worms

It's been so long  
Since we've really talked about things  
S'cuse me while I reconnoiter  
Lust stings

I'm gonna eat me some worms
