

## I Remember

Les Friction

Some lives can live on their own  
With no need to assist  
Some lives will circle around  
Until love pulls it down

I've set a course for losing you  
I've no remorse for what I do

We say nothing  
Holding it in  
How did we travel this far  
Knowing that our light will fade  
Remember nothing  
Let it all go  
We'll live our destiny alone

The truth is in a whisper  
Your life is in a kiss  
Hands can't be held when they're clenched into a fist  
Your eyes are a crime frozen in time  
This prison is yours

Feel me  
Heal me

I don't want to remember  
I'm moving to newer frontiers  
I will build my own empire  
And banish myself from you there

I don't want to remember  
The love light has shown  
I won't fight our destiny  
Cause you and I will always be alone

Feel me  
Heal me

I remember the prison I built myself  
You and I can tear it all down and let the past begin to melt  
I remember eternity and love that light has shown  
I will fight for destiny  
Cause you and I will never be alone
