

In another time
We would be as one
In another place, our lives would've only just begun
We walk beneath the sun
We lie beneath the stars
We grow upon the Earth, and this is what we are
It didn't have to be this way
But this is what we are

The wasted years have passed so slowly
Without connection to my only
The end is near defining lonely
Is anybody there to show me?
Show me
Show me

You don't believe in space
You don't believe in light
You don't believe that anything is well beyond your might
We walk across the sky
Beneath the ocean floor
We're never going anywhere we've never been before
It doesn't have to be this way
This isn't who we are
It doesn't have to be this way
This isn't who we are

The wasted years have passed so slowly
Without connection to my only
I will not live without you near me
Love cannot fit inside of theory
The end is near defining lonely
Is anybody there to show me?
Show me
Show me
