

This Is a Call

Les Friction

Everything we've done has made us all that we have been and we'
ve become
Oh we are now alone, everyone's gone and now we're without a ho
me
We have destroyed both of our lives

Brother, we were left to be each other's purpose
Brother, my sentinel, the tempest is upon us
We are now each other's responsibility

All alone in spite of everything that's true
I have everything to do with you
We all failed to stop what came to pass
Winter's come and everyone will sleep at last

All to gain
No return to no remains
Past the point
The Rubicon denied us choice

This is a call to action
This is a call to arms
All lives for one, together
There are no false alarms

Come with me
Come with me
All my love is half the page
It's opening
Uncontained

This is a call to action
This is a call to arms
All lives for one, together
There are no false alarms

This is a call to action
This is a call to arms
All lives for one, together
There are no false alarms

This is a call
This is a call
All lives as one
All lives as one together
