

Mine

Lesley Gore

Mm, mmm

Mm, mmm

I can feel the tears run down my face
And hear my voice so low
You'll wonder is it really mine?
You'll question all the mes I've let you meet
And you'll know, soon you'll know
That's the one I never show
Mm, mmm

Part of me is livin' and part of me is dead
Part of me is giving and part of me is wed
To the days when I knew nothing, but I thought I knew a lot
To the times that I would cheat myself by being what I'm not
Mm, mmm
Mm, mmm
Mmm

Often, I connect with souls like me
And taste the joy of love
The fear of being close to truth
The truth that only two can know as one
And I know more each day
Love's the hardest game to play
Mm, mm

Part of me is livin' and part of me is dead
Part of me is giving and part of me is wed
To the many nights I've been alone, that helped me grow so strong
To the hours on the telephone, trying to capture someone gone
Mm, mmm
Mm, mmm
Mmm

As I move blindly through the dark
I feel you callin' me
Above the trees and down the road
I follow like the child still part of me
'Til I sleep through the night
Covered only in my fright
Oh, oh, oh, oh, woah

Part of me is livin' and part of me is dead
Part of me is giving and part of me is wed
To the little girl I've seen photos lined up on the shelf
To the little girl with big green eyes I don't know as myself
Mm, mmm
Mm, mmm
Oh, woah
Oh, oh
Oh woah oh, oh

Mine, mine, mine
Mine, mine
This is mine, mine
Mine

Oh, mine, mine, mine
This is mine, mine, mine
Oh, mine, yeah
This is mine, mine
(This is mine)
(Mine)
(This is mine)
(Mine)
