

My Heart Ain't That Broken

Leslie Clio

Oh don't be sorry, boy, it's easy
Yes, you can release me
Gotta lay it on the line
Oh don't be sorry, boy, it's easy
Yes, you can release me
Gotta lay it on the line
Feeling pretty fine now
Saving all my time now
Love's no freind of mine

I do it on my own
And I'm ready to go
I just think of all that I could do
No more need to fight, right?
Say nighty night
And I won't be hurting more than you do

Cause my heart it ain't that broken
I survived way worse before
And all these words ain't got me chokin'
Cause my heart it ain't that broken
And I can't hear you I'm like
I won't be missing, be missing you
Nanananananana
I won't be missing, be missing you
Nanananananana

Love can be like magic
What we had was tragic
Do it baby, set me free
There's no need to wonder
Help, help me Rhonda
Get your hook right off me

I'll do it on my own
And I'm ready to go now
Cut off every tie that binds
No more need to fight, right?
Say nighty night
Bye bye Birdie bye bye

Cause my heart it ain't that broken
I survived way worse before
And all these words ain't got me chokin'
Cause my heart it ain't that broken
And I can't hear you I'm like
I won't be missing, be missing you
Nanananananana
I won't be missing, be missing you
Nanananananana

Cause my heart it ain't that broken
I survived way worse before
And all these words ain't got me chokin'
Cause my heart it ain't that broken

Cause my heart it ain't that broken

I survived way worse before
And all these words ain't got me chokin'
Cause my heart it ain't that broken
Cause my heart it ain't that broken
