

Adios Corazon

Leslie Grace

You try to be so careful
Don't have to get so close
Try not to fall so easy
You know, there's just no hope
You wanna keep your freedom
Oh, but when he's there
There is nothing you can do
All logic is lost on you
Ooooooh...
Adiós corazón you've fallen
Fallen, adiós corazón
No one can save you now
You entered so deep
Can't even stop it if you tried
Adiós corazón,
Goodbye, goodbye, goodbye

You hear the words he whispers
You get so weak so fast
And all of your resistance
Is left there in the past
You know you'll soon surrender
Oh, and when he's there
There is nowhere you can run
The damage has now been done
Ooooooh...
Adiós corazón you've fallen, fallen
Adiós corazón
No one can save you now
You entered so deep
Can't even stop it if you tried
Adiós corazón
Goodbye, goodbye, goodbye

Better face it
Cause it's way too late
To turn back now
Oh, you want him so bad
Want him so bad
Ooooooh...
Adiós corazón you've fallen, fallen
Adiós corazón
No one can save you now
You entered so deep
Can't even stop it if you tried
Adiós corazón
Goodbye, goodbye, goodbye
You tried to be so careful...
