I remember that I kind of laughed at the sparks that spread the flames

Over all the ugly memories these past three years have made Then I waited for the smoke to fill my lungs and suffocate my p ain away

So I say goodbye and I just say so long Almost feeling paralyzed
My still life with vital signs
And I'll just say so long
My good intentions felt so wrong
Left me feeling so far gone
Well I'm gone, woah, woah.
I'm gone, I'm gone, I'm gone, I'm gone

I remember when I found the place for the ends to list that nor mal scene

Living in this haunted house on this otherwise normal street Postcards and photographs of who we were start to burn and fade away

So I say goodbye and I just say so long
Almost feeling paralyzed
My still life with vital signs
And I'll just say so long
My good intentions felt so wrong
Left me feeling so far gone
My good intentions felt so wrong
Left me feeling so far gone
Well I'm gone, woah, woah.
I'm gone, I'm gone, I'm gone, I'm gone

So I say goodbye and I just say so long
Almost feeling paralyzed
My still life with vital signs
And I'll just say so long
My good intentions felt so wrong
Left me feeling so far gone
And I'll just say so long
My good intentions felt so wrong
Left me feeling so far gone
And I'll just say so long
And I'll just say so long
