

## Just Like Andy

Less Than Jake

How did everything become this way?  
Waste away another day  
There's no shows, there's nowhere to go  
Drop me off a hundred miles from here  
Some place I can disappear and stay frozen  
Melt me when doors are finally open (finally open)

Remember every moment and all the years of hoping  
And all the friends I've seen, remember what they mean  
When it comes around again, sing every song to the bitter end  
'Cause you know it's more than notes and words  
It's in-between the lines, it's understood  
In-between the lines it's understood

How did Andy spend his passing time?  
Twisting smokes and sipping wine  
Just do you hate whatever gets you through?  
And I wouldn't go as far to say  
I'm never gonna feel the same  
I'm still limited by this life that I've been living  
(I've been living)

Remember every moment and all the years of hoping  
And all the friends I've seen, remember what they mean  
When it comes around again, sing every song to the bitter end  
'Cause you know it's more than notes and words  
It's in-between the lines, it's understood  
In-between the lines it's understood

Hang on, hang on  
We'll be there soon
