# Only Human

**Less Than Jake**

There's not a doctor that can fix me,
My disease is chronic and I've lost all self-control.
Have you ever had your heart ripped out your throat?
Anxious and all alone, now stop and remember we're only human

I've tried it all to kill the pain, but nothing keeps me sane.

I'll pretend that I'm stable,
I'm left, lost and labeled
I'll pretend that I'm doing fine.
I'm so out of focus,
I'm hopelessly hopeless,
I'll pretend that I'm doing fine.

Theres not a pill that can make me happy
My complains nescient and I've lost touch with my soul
Have you ever had your words choking your throat?
Another thought up in smoke, now stop and remember we're only human.

I've tried it all to kill the pain, but nothing keeps me sane.

I'll pretend that I'm stable,
I'm left, lost and labeled
I'll pretend that I'm doing fine.
I'm so out of focus,
I'm hopelessly hopeless,
I'll pretend that I'm doing fine.

I've tried it all to kill the pain, but nothing keeps me sane.

I'll pretend that I'm stable,
I'm left, lost and labeled
I'll pretend that I'm doing fine.
I'm so out of focus,
I'm hopelessly hopeless,
I'll pretend that I'm doing fine.

I've tried it all to kill the pain, but nothing keeps me sane.

I'll pretend that I'm stable,
I'm left, lost and labeled
I'll pretend that I'm doing fine.
I'm so out of focus,
I'm hopelessly hopeless,
I'll pretend that I'm doing fine. (2x)
