

Hate Myself

Letdown.

If I hate myself today
What makes it different than any other day
I don't think that I'm ok
I don't think that anyone is nowadays
We laugh at our problems
We all know we got em
If I hate myself today
It's ok (It's ok)

Woke up late today
Neighbor yells at me like every other day
He don't think I got a brain
But he should worry about himself instead of me
And my
Job sucks
All the things we do for a couple bucks
I know life sucks
But it's okay
It's okay

If I hate myself today
What makes it different than any other day
I don't think that I'm ok
And I don't think that anyone is nowadays
We laugh at our problems
We all know we got em
If I hate myself today
It's ok (It's ok)

Worked right through my break
And now my boss is making me stay late
No I haven't ate
Why the hell does everything still close at 8
This sucks
Wish I had more than a few bucks
I know life sucks
But it's okay
It's okay

If I hate myself today
What makes it different than any other day
I don't think that I'm ok
And I don't think that anyone is nowadays
We laugh at our problems
We all know we got em
If I hate myself today
It's ok (It's ok)
It's ok (It's ok)

If I hate myself today
What makes it different than any other day
I don't think that I'm ok
And I don't think that anyone is nowadays
We laugh at our problems
We all know we got em
If I hate myself today
It's ok (It's ok)

If I hate myself today
It's ok (It's ok)
