

# Love Is A Weapon

Letdown.

You're my heaven, and I'm your hell  
She's my weapon, and I can tell you're falling  
I'm not here to sell  
Get off my level and in my spell

It's just a masochistic love  
I've got the push under your shove  
It's not the anger in your heart  
Been in the pocket from the start  
And I'm not the fire in your chest  
I'm just the words under your breath  
Don't tape the liar to your heart  
He'll be the one to give you death  
But we've gone

Love drunk; someone's going crazy, doesn't happen, baby  
Let me out, my mind can't have another  
Moment in another moment, running in a whirlwind  
Take me back, you know my love's a weapon

Oh, blood that's in my veins  
You got my message in your brain  
I'm not the one to go insane  
But I'll keep walking to my grave, ah  
And it's not like I got life or live a little  
Or two times or three times, I lived a little  
God, my mind's insane  
When you keep messing with my brain  
But we've gone

Love drunk; someone's going crazy, doesn't happen, baby  
Let me out, my mind can't have another  
Moment in another moment, running in a whirlwind  
Take me back, you know my love's a weapon

And this time  
Don't get me wrong, I'm just a human  
And this life  
I'm not the one to tell you, "Live right"  
But the saints are gone, and the eyes are closed  
And the words we speak are the last we'll know  
I'm just a human  
Don't get me wrong, I'm just a human  
But we've gone

Love drunk; someone's going crazy, doesn't happen, baby  
Let me out, my mind can't have another  
Moment in another moment, running in a whirlwind  
Take me back, you know my love's a weapon

And it's not like I got life or live a little  
(Love drunk; someone's going crazy)  
Or two times or three times, I lived a little  
(Doesn't happen, baby)  
God, my mind's insane  
When you keep messing with my brain  
(Let me out, my mind can't have another)

Moment in another moment, running in a whirlwind  
Take me back, you know my love's a weapon
