

## Attack Mode (Awake)

Lethal Bizzle

I feel comfy one-on-one up  
Lost a couple friends but they fumbled in the come up  
Real situation exposing the true faces  
Saying 24 don't mean that you're getting places, nah  
Yeah, the journey's been dramatic, far from static  
Firing all cylinders, semi-automatic  
The motor's a racket, the millies are stacking  
Millionaire rules, avoid the tax bracket  
Lately I've been moving like I'm Banksy  
Won't see my face unless it's private or I'm anti  
My next top model, she don't look like Abbey Clancy  
UK king, bloodline is a shanty  
COVID attacking us, but I'm in attack mode  
Novak Djokovic, contemplating that road  
PCR money spin, wonder how much that sold  
Boris ain't got a clue, now we in the rabbit hole (He ain't got  
a clue)  
I don't know what happens next  
But don't let it stop your mission  
Adapt your position no matter the condition  
Don't wait for permission, attack the collision

I wanna relocate just a little bit  
I could deal with a break just a little bit  
Only so much you can take just a little bit  
Flexing's gotta wait just a little bit  
Grown to try to fuck with my mental  
Peace of mind is essential  
Waking up to go back to sleep, week after week  
It's not on my credentials  
This year I said "Fuck it, I'm getting it"  
Any obstacles - I'm getting rid of it  
You can't keep a good man down  
But the government is a hypocrite  
Kids signing away their masters  
Abusing your power, you, bastards  
Made them think about the smaller picture  
Why are you retiring Bahamas?  
Please don't sign the contract  
If you don't understand the contract  
Audit the creditors, the game's full of the predators

Make sure you man know what you're doing out here  
Don't let the I's cross all the T's
