Lethal Bizzle

(Felix Dubs)

Yo

Original sound, can't touch this  
Runaway drip, can't touch this (Ooh)  
Timeless flows, can't touch this (Ooh)  
Energy crews gonna buss this (Yo)  
Original sound, can't touch this (Ooh)  
Runaway drip, can't touch this (Ooh)  
Timeless flows, can't touch this (Yo)  
Energy crews gonna buss this

I swear to God the best time we had in the game was back then  
On the radio, roamin' the street and live at a stage show way back when  
All the clashin', all the freestyles  
Car broke down and I walked three miles  
I wouldn't change them days if I could  
Glad I was raised in the hood  
I did it like a young G with my young G's for the cause  
Tower block gang with the twenty-two floors  
DJ's playin' Dilemma and Jawz  
We had to do this to open up doors  
Now the doors are open  
First twenty years of dongs were chosen  
Next twenty years of dongs are mercin' right now  
For dongs, we're searchin' right now

Original sound, can't touch this  
Runaway drip, can't touch this (Ooh)  
Timeless flows, can't touch this (Ooh)  
Energy crews gonna buss this (Yo)  
Original sound, can't touch this (Ooh)  
Runaway drip, can't touch this (Ooh)  
Timeless flows, can't touch this (Yo)  
Energy crews gonna-

I see clear through the lenses  
Used to be ringers and hoppin' over fences (Yeah)  
Now it's couple double R's and Benzes  
Off ends, but made in the trenches  
'01 when I made my entrance  
Classics, they all know my sentence (Oi)  
Around the year when Will said, "Bang bang, bang"  
You know I'm not a stupid man  
A million hours of graftin'  
Now the new gen are laughin'  
It's a marathon, not a sprint, so rude boy, don't stop graftin'  
Doors may shut, but you gotta get past them (Mmm)  
Yeah, we the MVP, K-I-N-G, all of that, all of that  
G-O-A-T, all of that, all of that  
At the T-O-P, all of that, all of that, yo

Original sound, can't touch this  
Runaway drip, can't touch this (Ooh)  
Timeless flows, can't touch this (Ooh)  
Energy crews gonna buss this (Yo)  
Original sound, can't touch this (Ooh)

Runaway drip, can't touch this (Ooh)  
Timeless flows, can't touch this (Yo)

As a little man, I clashed bare man that I rated  
And couldn't tell man they're my favourite (Pshh)  
I'm from North London, we don't clash for the cash  
More time we go to clash with a mash  
And make them boy there win on the internet  
Cah in real life, we don't take disrespect  
I don't care if a man's big or wedge  
We make them boy there have to go stitch their flesh  
They won't know who done it, but they'll know it got done though  
Lower E, North Side 9, brother done know  
And if you know about grime, then you know I drop a mad freestyle every time  
that I touch [?]  
Lord of the Mics, I went there on my own  
Hand in man's pouch like, yeah, man can go  
The first [?] tryna take man for some MC guy, watch a brother leave here with a hole
