Daily Duppy

Lethal Bizzle

Yo
Daddy let us down I had to take over
Can't reach me again he got the cold shoulder
Mummy still good I had to move her back
She back and forth so I copped her a flat
Daddy let us down so I'm the head of the pack
Me and bro are on and off I still got his back (Got you bro)
Poker face for the turbulent scenes
Was on the same pitch but now we play for different teams
I can't lie you did raise a good kid
Strict af dad stopped me from doing a bid
Stopped the football tried to stop me from doing a gig
You wanted a degree but for me it just weren't what it is
Taking full accountability
Now the family's my responsibility
Release the pain with this Hennessy
It's crazy how love turns to jealousy
Made a few mill from a broke pocket
I was on a mission nobody could stop it
I took risks fuck playing it safe
Rest in peace Richard Antwi in a better place
Nah I don't believe in making it
Me I'm up but more opportunities I'm creating it
Now we gone our separate ways
But I'm still open for better days
I heard no more then I heard yes
I had to manoeuvre like a game of chess
Frustrated nights chilling at my desk
Mumzy's prayers keeping me blessed
Old school so I'm a provider
Loyalty is blood that's what makes you my rider
So I just smile through the scenes
Sometimes a smile ain't what it means
Now it's convos with Ghanas president
Local lad building, Ghana development
Estate kid now making you a resident
2040 I might just run for president (I might)
Never too far from my reach
Until then I just teach
Releasing the codes
There's truth in every story I told
Street kid used to buy 9 millis
Now the boys worth about 9 millys
On cars I lost about 500 racks
I was enjoying myself, don't follow that
Money don't last longer than memories
But being broke is the enemy
Share the good times with the team
But don't live beyond your means
Skint gang that's the mentality
The aim is don't make it a reality
Act broke while we stack notes
One of the greatest ever quotes
"That's life" that's Sinatra
But the devil can't fuck with a grafter
My intentions are pure
So it's blessings and blessings that be my karma
