

# Hold You

Lethal Bizzle

I wanna wine up on your bumper  
I wanna try and get your number  
I just wanna get closer  
Gimme one sec and lemme hold you

I love the way you move your hips  
So when you wobble  
It is like you dance to calipso  
You can do it fast  
You can do it slow  
Back so big  
You got me moving on my tip tow

Yeah I really wanna meet it  
Yeah I can't wait to greet it  
And if she wants me to eat it  
I tell her go first  
(SYKE)  
Then I beat it

I wanna wine up on your bumper  
I wanna try and get your number  
I just wanna get closer  
Gimme one sec and lemme hold you

Wine up on your bumper  
I wanna wine up on your bumper  
Wine up on your bumper  
I wanna wine up on your bumper  
Then I wanna see you bust it for me

Bust it for me  
I wanna wine up on your bumper  
(Bust it for me)  
I wanna try and get your number  
(Bust it for me)  
I just wanna get closer  
(Bust it for me)  
Gimme one sec and lemme hold you

I am in a  
Big fur jacket  
Am I pimping or not?  
Big batty girl  
When she's walking  
I watch  
I wanna say something  
But ima say nothing  
Cause I don't wanna get no drink on my top

Took her to my crib and we did the bang bang  
Then I said girl when you looking to leave  
She play fighting and she took off my hat  
You wouldn't like it if I took off your weave

White girl, maybe the best I ever had  
Brain so good

I had to text her thanks  
I won't eat her  
But imma treat her  
And let her meet the guy that made  
Fester Skank

Came to the place in some black nikes  
Came to the rave like I'm looking to beef  
French tipped nails  
And she crunched up her weave  
If you looking for a grinder  
Then you are looking for me

I wanna wine up on your bumper  
I wanna try and get your number  
I just wanna get closer  
Gimme one sec and lemme hold you

Wine up on your bumper  
I wanna wine up on your bumper  
Wine up on your bumper  
I wanna wine up on your bumper  
Den I wanna see you bust it for me

Bust it for me  
JHEEEZ  
Can't stop looking at it  
Wanna take you home  
And do a acrobatic  
Wanna take you shopping  
And do a mathematic  
Me and you together  
That would be a classic

Yeah  
That would be outstanding  
I think me and you should make a browning  
I got a two seater  
We can roll around in  
Check 1, 2  
Tell me how dat sounding

I wanna wine up on your bumper  
I wanna try and get your number  
I just wanna get closer  
Gimme one sec and lemme hold you

Wine up on your bumper  
I wanna wine up on your bumper  
Wine up on your bumper  
I wanna wine up on your bumper  
Den I wanna see you bust it for me

Bust it for me
