But if the cap don't fit just leave it yeah
Couple guys try run with he flow and fell over
You better leave it there
When I'm squeezing here
Man take cover, lyrically skenged out
Me I'm like no other
Leave it leave it
Rise up he ting and squeeze it
Get rubbed out with the rubber
Speed off quick then I'm burning rubber
Life or death I all ride for the team
When it comes to weapons I'm like Danny Glover
Send you home in a black bag to your mother

When I jump on the riddim man wanna wheel it
But we have to tell them

Acting like you can't see this yeah
Put your ear to the ground and leave it there
Bare times I been on your TV this year
