Old school like the More Fire sample, hey, hey, hey (Bizzle, skeng, skeng)
Some real top boys, yeah g they're from my way
(North, south, east, west)
If you're a fuckboy, please don't come my way
(Never, never, never, never)

Yo, I used to kick ball, I used to shot
I used to keep few grams in my socks
I used to be on ringer [?] and [?]
I moved the key, I moved the box
Some of the mandem run into shops
One time I was running late so I jumped in the [?], went Top of the Pops
Yeah I weren't that bad, just one of the boys
Some done robberies, some done 'roids
I done me, I wanted p's
While the mandem stayed 100 degrees
Want 110's, off key [?]
Hit JD's, HMV's, then I flipped it
Now I sell CDs

Yo, man are old school, old school, old school
Yeah, that's word to Raskit
And put me anywhere on that field
You know I'm scoring a hat-trick
Yeah g, I'm far from poor
Draw six bursts, I'm about to beat four
Seen a few mill, I'm about to see more
Violate me, you're 'bout to see war
Yeah, Stone Island with the Air Max, you know how we function
And I know real bad boys out here on clapping, hold tight Junction
Local Beyonces want a rudeboy, she might call that punching
But man already know that money makes you handsome

Cause I'm a London boy like the Kray, Kray Kray (Ronnie, Reggie, Ronnie, Reggie)
