Lethal Bizzle

I don't know much about hiding
I don't know much about playing tings safe
I don't know much about you
How come I don't know much about you?

So tell me, how come you ignore me?
Last week it was all love with me, this week she don't come near me
You've been washing your hair for two weeks, I'm sittin' here in these two seats
Trying to sit [?] for two weeks, while I ain't see those two cheeks

I know friends tell you not to like me, but I'm here for you
You don't wife them, you one night them, you know that's not the truth
They don't even know about me and you, no no
They don't even know the things that we do, no

I don't know much about hiding
I don't know much about playing tings safe
I don't know much about you
How come I don't know much about you?
But I know there's a playground inside you, ooh ooh
Ooh there's a playground inside you, ooh ooh
But I know there's a playground inside you
(Yeah yeah yeah, yeah yeah yeah)
Playground inside you (Yeah yeah yeah)
Oh I know there's a playground inside you

I wanna play on your see-saw, maybe take a detour
Take a trip to St. Tropez and lay on the sea shore
I can help you out with that oil, if you change your [?] I spoil you
You see these girls ain't loyal, but me and you could be royal
I know friends tell you not to like me, but I'm here for you
You don't wife them, you one night them, you know that's not the truth
They don't even know about me and you, no no
They don't even know the things that we do, no

I don't know much about hiding
I don't know much about playing 'tings safe
I don't know much about you
Tell me how come I don't know much about you?
Oh I know there's a playground inside you
Oh I know there's a playground inside you
