Lethal

Trying to care
I nearly found meaning
This question was never that clear to me
All that I ever wanted
Life or death
Blood & breath
Wish that my thoughts were simple
No god stand, poison land
Dream to fly, reason why

Thinking again
Disturbing lack of conclusion
I don't feel quite myself
If I only knew what that might be
All that I ever wanted
Life or death
Blood & breath
Wish that my thoughts were simple
No god stand, poison land
Dream to fly, reason why
I've been insane, can't regain
What could not define
One more day on the line
Thought I was me
But I can't tell anymore

Trying to care I nearly found meaning

All that I ever wanted
Life or death
Blood & breath
Wish that my thoughts were simple
No god stand, poison land
Dream to fly, reason why
I've been insane, can't regain
What could not define
One more day on the line
Thought I was me
But I can't tell anymore
