

So Special

LeToya

There ain't never been an "I" in team, we win together lose together
he loves me, we tryna make history
like the original dream team, together scoring too many points,
can't nobody treat me like you do
babe...That's what he makes me say, ooh his love is so crazy.

All my ladies hear me out...If your man's here point him, got a
good man make it official, all my ladies
say he's so special.

My baby lets me run with the boys, lets me hold the keys to his
toys, whatever he gets I get, know every
one of his secrets, every weekend shopping sprees trying on the
m clothes he waits for me, the kind of guy
every woman needs (Ooh his love is so crazy).

All my ladies hear me out...If your man's here point him out, got
a good man make it official, all my
ladies say he's so special
