

From The Morning

Let's Eat Grandma

A day once dawned
And it was beautiful
A day once dawned from the ground
Then the night, she fell
And the air was beautiful
The night, she fell
All around

So look, see the days
The endless colored ways
And go play the game
That you learned
From the morning

From the morning

And now we rise
And we are everywhere
And now we rise from the ground
See, she flies
And she is everywhere
See, she flies
All around

So look, see the sights
The endless summer nights
And go play the game
That you learned
From the morning

From the morning
From, from, from the morning
From, from, from the morning
