## Letters From The Fire

Tell me I'm a dud, tell me I got no fuse  
Tell me there's no spark in anything I do  
I listened for so long it started sounding like the truth  
I'll never have the guts to say, hey...

I'm not doing this for you  
I'm not doing this for you

A minute, a second is a moment too late  
And now the minute a second

Why does the time bomb have to wait  
Why do I bend until I break  
Why should I leave it up to you to seal my fate

I feel it, it's coming, it's closer, the tension  
Is building, I'm running, I, I, I  
I hear it, it's pounding, inside me, it's screaming  
At something, it's begging me to lose control

Explode  
Explode

Tell me that it's love, tell me that it's no use  
Tell me that no matter what I do I'm gonna lose  
Your eyes are filled with poison, that look is on your face  
Can't wait to see how long it takes

For me to fall from grace  
For me to fall from grace

A minute, a second is a moment too late  
And now the minute a second

Why does the time bomb have to wait  
Why do I bend until I break  
Why should I leave it up to you to seal my fate

I feel it, it's coming, it's closer, the tension  
Is building, I'm running, I, I, I  
I hear it, it's pounding, inside me, it's screaming  
At something, it's begging me to lose control

Explode  
Explode  
Explode  
Explode

I feel it, it's coming, it's closer, the tension  
Is building, I'm running, I, I, I  
I hear it, it's pounding, inside me, it's screaming  
At something, it's begging me to lose control

Explode  
Explode  
Explode  
Explode

I feel it, it's coming, it's closer, the tension  
Is building inside me
