

Supa Hero

Level

Oh me I'm fine
Don't mine me as I cover my eyes
I'm just afraid of what I can't stand
If ya gotta go
Then run go catch it catch it if you can

Oh me I'm fine
Don't mine me as I cover my eyes
I'm just afraid of what I can't stand
If ya gotta go
Then run go catch it catch it if you can

Indirectly I have spoken
About what I bring
To the table that will keep this going
All I ever wanted was a place in line
It's written all over my face and I can't deny it
Never think twice my advice just try it

It's like walking a creaky plank while juggling sticks
of fire
Its decision time
Which form of coping are you going to hire
Or fire Inspired to be everything I'm not supposed to
be
Which leaves absolutely no reason for me to bring you
down with me

Ah ah uh ah oh
What I meant by anything goes
I can spin a cornflake into gold
(Ah ah uh ah oh) I consider myself a supa dupa
I'm a supa hero
Underneath these clothes

Always thought of myself as one who draws their own
line
But what good is a perfect painting If it's left behind
So with precision of stealth
The question I keep asking myself If I submit would it
be better for my people

The tension of a rubber band
Never seems to ever stand
For nothing at all
Naked and bleeding till they fall so with precision of
stealth
The question I keep asking myself If I submit would it
me better for my people

Those who return tomorrow
Can beg or borrow

Ah ah uh ah oh
What I meant by anything goes
I can spin a cornflake into gold
(Ah ah uh ah oh) I consider myself a supa dupa

I'm a supa hero
Underneath these clothes

It's gonna be mine all mine
Mine all mine
It's gonna be mine all mine

Oh me I'm fine
Don't mine me as I cover my eyes
I'm just afraid of what I can't stand
If ya gotta go
Then run go catch it catch it if you can

Ah ah uh ah oh
What I meant by anything goes
I can spin a cornflake into gold
(Ah ah uh ah oh) I consider myself a supa dupa
I'm a supa hero
Underneath these clothes

Ah ah uh ah oh
What I meant by anything goes
I can spin a cornflake into gold
Oh me I'm fine
Don't mine me as I cover my eyes
I'm just afraid of what I can't stand
If ya gotta go
Then run go catch it catch it if you can
