

Oh whoa
And it's just about time, baby
Tell me when you're ready
And it's just about time, baby
Tell me when you're ready
And it's just about time
I've been waiting, baby
Getting so impatient lately
Oh, she's getting closer
Oh, she's getting closer
I just want one thing
I just want one thing

Cassandra, don't go or you'll break my heart
I never do well in our time apart
I just hope we getting close
