

# Do U Wrong

Leven Kali

[Intro:]

Oh whoa, oh whoa

Oh whoa, oh whoa

[Syd:]

Baby, won't you let me ride?

Tell me what you like

I can't read your mind

Bad as I want to, I really want you, so

Baby, won't you let me ride?

Tell me what you like

I can't read your mind

Bad as I want to, I really want you, girl

You could be the one, you could be my favorite

We could be in love if we keep datin'

Baby, I could beat it up, I can catch the fade with it

Take the mask off, I can put my face in it

You ain't gotta trip, we can vacation

Take you all around the world and give you paper planes

If I only hit it once, it would be a shame, wouldn't it?

Tell me what you want, I'm tired of debating

'Cause I can do you wrong if you want, babe

Would it keep me on your mind long enough, babe?

Should I be nice? Should I be rude?

Do I text twice? Do I play cool?

I could do it all if you want, baby

[Syd & Leven Kali:]

Baby, won't you let me ride?

Tell me what you like

I can't read your mind

Bad as I want to, I really want you, so

Baby, won't you let me ride?

Tell me what you like

I can't read your mind

Bad as I want to, I really want you, girl

[Leven Kali:]

Oh, you can be the one, you can be the only

If you wanna be my girl or just the homie

I can give you love, I can play it cool for you

I can pick you up or send a pool for you

If I use my tongue, baby, would you like that?

If you wanna bite, baby girl, I bite back

I can show you some', this could be a lesson

So tell me what you want, I'm tired of the guessin', baby

I can do you wrong if you want, babe

Would it keep me on your mind long enough, baby?

Should I be nice? Should I be rude?

Do I text twice? Do I play cool?

I can do you wrong if you want, baby

[Syd & Leven Kali:]

Baby, won't you let me ride?

Tell me what you like  
I can't read your mind  
Bad as I want to, I really want you, so  
Baby, won't you let me ride? (Baby, won't you, oh)

Tell me what you like  
I can't read your mind  
Bad as I want to
