

MADE 4 U

Leven Kali

Oh, whoa-whoa, yeah-yeah-yeah
Oh-whoa, whoa
Oh, whoa-whoa, yeah-yeah-yeah
Oh-whoa, whoa

I'm made for you
Every single piece of me
Part of me, everything
You're all of me
I'm made for you
All through my bones
Head to my toes

This is not a phase
This my everyday
25-8 on you (Uh)
This feel like more than love
This don't ever fade
So, will you still hold me down?
Be my angel on the ground
Or the devil on my shoulder
When you feel like acting out, mmm (Oh-whoa)

It's like you made me
I'm everything you wanted
That's what you say to me
You turn me on, and gas me up, and play with me
But there's no update, no upgrade, no replacing me

'Cause I'm made for you
Every single piece of me
Part of me, everything
You're all of me
I'm made for you
All through my bones
Head to my toes

I'm made for you
Every single piece of me
Part of me, everything
You're all of me
I'm made for you
All through my bones
Head to my toes

You're my everything
Talking wedding ring
Say you'll never leave, babe
They may never see
What you've done for me
But we gon' let them be, baby

You know all my secrets, all my whereabouts (Whereabouts)
And any disagreements, we gon' air 'em out (Air 'em out)
You're the one for me, girl, I'm convinced
Since I slept over the crib, we been fallin' ever since

It's like you came to me
I'm everything you need and that's what you say to me
You turn me on, gas me up, stay with me
'Cause there's no update, no upgrade, no replacing me

'Cause I'm made for you
Every single piece of me
Part of me, everything
You're all of me
I'm made for you
All through my bones
Head to my toes

I'm made for you
Every single piece of me
Part of me, everything
You're all of me
I'm made for you
All through my bones
Head to my toes (Head to my toes)
