

## Scenic Solitude And Leprosy

Leviathan

Contamination  
Numbness  
Throttling in the blackened river  
Of time and insane  
Swallowed again  
Drown again and  
Deranged parasites  
And a metallic green odor  
So full the emptiness  
Aimless  
Withered scales decorate it's  
Skin and it's falling away  
Twist and writhe serpentine  
Treason and peril  
Thrust down the kill  
It's eyes gaze animus  
Are again as before  
Dead except the eyes  
Treason and peril.
