

Suckling At The Teat Of Revenge

Leviathan

Woe under full moon in haunted wood
Midnight evocation
Offering infernal parchment
Scrawl forever with blod
Enmeshed now in coil of hell
Secrecy dark mystery
Lovely horror
Magic circle, signs and seal
Of fallen angels and their awful names
Two pitch black candles alight
Radiate dull blue flame
In a silver censor of church sacristy
Bitter mockery
Broken and defiled
Burning henbane, thornapple and myrrh
From center of circle
Litanies conhuraction the regents of hell
Goblin ceremonies of warlock band
Sour milk of urine and blood
Lactated from the breast
Blood red for power and revenge
