

# Break Me

Levin Liam

Save me from things that I'm too proud to understand  
Make me close my eyes, so that I cannot comprehend  
Break me, so it's gonna be something usual that'll just descend  
Tame me, so I can break apart and trust myself again  
(So you know that I can break apart and trust myself again)

To prevent [?] get out of my [?]  
I can't focus in thought, I be makin' a maze  
But instead I slipped away, I didn't even have a chance  
To get things in order, hope you won't take any offense  
This doesn't feel anything like the last time, but it still reminds me of it  
I cannot see everythin' from the past, I wanted to leave it high on a shelf where I can't reach it  
The sun, it got hotter and everybody's busy tryna figure out who did it  
This doesn't feel anything like the last time, but it still reminds me of it, and I can't change
