

Either Way

Levin Liam

Star switchin', goals hittin', prolific
Dancin' with my demons, yeah, they on this road with me
It has been a couple, still, it feel like it was more ****
I been distracted, still, I hope there will be more winnin'
Ride with me, you'll die with me, you'll go missin'
In this world of recognition and gold diggin'
I'm noticin' you punks, get up off me, you big trippin'
Oh, I'm gon' proceed to cut 'em off, just like I was wrist slit
tin'
You gon' meet me either way
Might be hard to realize, 'cause you won't make out my face
But as soon as you recognize me, you'll see I lost my faith
This is someone else's possession, 'cause I can't handle it myself
(No, no, no)
'Cause it is damaging my health
(This is someone else's possession, 'cause I can't handle it myself,
no, no, no)
('Cause it is damaging my health)
