

Lotto

Levin Liam

Come pour one up, load up the car
Breaking news, boy, I just hit the fucking lotto (Ooh, I hit the lottery)
Yes, I did (I just hit the fucking lotto)
And if you ask me, there's no one to follow
Nobody even notices, and that's the best part, oh
Yeah, that's best part, it's the very best part (Ooh, I hit the lottery, I just hit the fucking lottery)
And I won't even let nobody come ahead and discuss this shit with me, 'cause it is said and done
And I'ma spend it all on things I do not need, so y'all can talk about me 'til I'm dead and gone
I just hit the lotto
