

So Sure

Levin Liam

We were so sure
We outnumbered them before, and our intentions were so pure
Yeah, we were so sure

And there is no cure
No need to reconstruct the dilemma, no, now it's time to mature
Yeah, we were so sure
And the tension in here is higher than ever right before, can you feel it?
Everythin' didn't work as planned, more the opposite, yeah, somethin' don't really feel right

We were so sure
We outnumbered them before, and our intentions were so pure
Yeah, we were so sure

But we lost
Yeah, we lost at the game
We lost
Yeah, we lost at the game
We lost

And I wish I could say all this was predictable and I was always ready for it
But it's not the case, it was not, not at all (Not at all)
And when it struck me, I didn't feel no regret at all
'Cause it felt so good being so sure
